

# presentation systems

System Source is a full service audio-visual systems company. Our team provides a wide range of services including consulting, system design, installation, configuration and maintenance.

## Menu of Services

**Evaluation of Needs** - We visit your site, listen to your needs and recommend the best audio-visual system for your requirements. Needs may include:

- Distance Learning Bundles
- Conference room design
- Unified Communication Bundles
- Digital signage
- Streaming and recording
- Classroom design
- Meeting/Board rooms
- Huddle rooms
- Touchless Room Control
- Simultaneous Interpretation

**Unified Communication** - Spaces can be transformed into intuitive audio-visual spaces taking full advantage of Microsoft Teams, Zoom and other Unified Communications applications.

**Classroom Technology** – Interactive projectors, whiteboards and large format LED touch screens can be integrated in classrooms with microphones and cameras to create a distance learning solution.

**System Integration and Installation** - Audio-visual solutions are assembled and tested in our shop and then integrated on site by our industry certified team of technicians and engineers.

**Streaming and Recording** - Capture live events and meetings for transmission, editing and archiving.
